

VIJAY SHANKAR SAH

Frontend Developer · UI/UX Engineer

+91 9899262078 | vijayshankar8994@gmail.com | New Delhi, India | [LinkedIn](#) | [Behance Portfolio](#)

PROFESSIONAL SUMMARY

Senior Frontend Developer with 6+ years of experience building high-performance, accessible web applications for clients across India, Australia, and the US. Expert in React.js, TypeScript, and Figma-to-production workflows. Delivered 30+ international projects with measurable outcomes — including 40% faster page loads, 50% fewer UI bugs, and 25% reduction in third-party plugin dependency. Equally comfortable leading design systems, architecting component libraries, and shipping full-stack integrations via REST APIs.

TECHNICAL SKILLS

Core Languages	HTML5, CSS3, JavaScript (ES6+), TypeScript
Frameworks	React.js, Next.js, Angular, jQuery, Bootstrap, Tailwind CSS
State & Data	Redux Toolkit, Context API, REST APIs, GraphQL (basic)
Testing	Jest, React Testing Library, Chrome DevTools, Lighthouse
CMS & E-Commerce	WordPress (Custom Themes, WooCommerce Plugins)
Design Tools	Figma, Adobe XD, Photoshop, Illustrator, CorelDraw
Dev Ops & Tools	Git, GitHub, VS Code, Webpack, npm, Vercel / Netlify
Standards	WCAG 2.1 Accessibility, Core Web Vitals, SEO, Responsive Design

PROFESSIONAL EXPERIENCE

Frontend Developer · Clavis Technologies

Aug 2022 – Present

📍 New Delhi, India | *React.js · TypeScript · WordPress · Figma · REST APIs*

- ▶ Architected and shipped 15+ client-facing web applications in React.js and WordPress within an agile delivery model, consistently meeting sprint deadlines.
- ▶ Translated Figma / Adobe XD mock-ups into pixel-perfect, fully responsive UIs — reduced design-to-dev handoff revisions by ~40%.
- ▶ Improved average page load times by 30–40% across 5 client projects through code splitting, lazy loading, tree shaking, and image optimisation (Lighthouse scores improved to 90+).
- ▶ Built custom WordPress themes and WooCommerce plugins for 8+ clients, cutting third-party plugin dependency by 25% and improving site security.
- ▶ Achieved cross-browser compatibility (Chrome, Firefox, Safari, Edge) through systematic QA, reducing reported UI bugs by 50%.
- ▶ Introduced component-level unit tests using Jest and React Testing Library, raising test coverage from 0% to 60% on two flagship projects.
- ▶ Collaborated with designers and PMs in daily standups, translating business requirements into production-ready interfaces within agreed sprint cycles.

Frontend Developer · SageNext Infotech LLC

Jul 2021 – Jul 2022

📍 New Delhi, India | *HTML5 · CSS3 · jQuery · REST APIs · WCAG*

- ▶ Developed semantic, tableless HTML/CSS layouts for 10+ simultaneous client projects, maintaining WCAG 2.1 AA compliance.
- ▶ Integrated third-party APIs (payment gateways, social feeds) and delivered all projects on schedule in a 20+ active-account agency environment.
- ▶ Refactored legacy jQuery code to modern ES6+ patterns, reducing bundle size by ~20% on three long-term client accounts.

Web & Graphic Designer · Business2Sell & Service

Jun 2019 – Jun 2021

📍 New Delhi, India (Remote — Australian Clients) | *WordPress · HTML · CSS · Adobe Creative Suite*

- ▶ Designed and developed end-to-end WordPress sites for 30+ Australian clients across real estate, legal, pest control, and trade services sectors.
- ▶ Managed full project lifecycle — scoping, UI design, content migration, and live deployment — with an average 2–3 week turnaround per site.
- ▶ Created brand identities for 10+ businesses: logos, colour palettes, and print/digital marketing collateral using Adobe Creative Suite.
- ▶ Collaborated asynchronously across time zones, developing clear documentation and async communication habits that are now standard practice in my workflow.

KEY PROJECTS

Influencer Hiring Platform → influencerhiring.com

Tech: HTML5, CSS3, JavaScript, jQuery, Bootstrap, REST APIs

- ▶ Built a full platform connecting brands with influencers — implemented UI for user profiles, search/filter, and campaign listing pages.
- ▶ Integrated third-party social media APIs for live follower/engagement data display; ensured fully responsive UX across mobile and desktop.

Better Pest Control → betterpestcontrol.com.au

Tech: WordPress, CSS, Photoshop, Local SEO

- ▶ Designed and developed a complete WordPress website for an Australian pest control business — service pages, contact forms, and on-page SEO.
- ▶ Delivered a trust-focused, conversion-optimised UI aligned with client's brand; site has been live and serving the Australian market since delivery.

Additional Live Projects

- ▶ bol7.com · sixsigmadentistry.com · ellaxestates.com · zyratalc.com · jantek.in · regenerativeclinicalsummits.org · falconmanpower.com · winscloudmatrix.com
- ▶ Mobile apps: Mirchi Mingle · Arkfit · Unlimits · myhealth manager (UI/UX design & frontend integration).
